Hi LoveTibe!

My friends, Dana and George celebrating with me, the first production from my Bali trip. Clare and I were wandering around the shops in Bali a couple of months ago. I wasn't feeling inspired by what I was seeing. When all of a sudden I was magnetized into a courtyard where I discovered a shop of Milo's. He was my favorite designer from Bali for many years. He had stopped selling in the states maybe 20 years ago, and has become a top designer in Asia, China and Dubia/UAE , where he dresses Royalty and people with exquisite, yet adventurous taste.

He does superb quality and we talked about doing some collaborative collections together for the States. He suggested our label be Venus de Milo... He had me at Venus!

First I chose some of his latest collection, with a few changes and then we produced a size run for each of our shops, so if you'd like a piece or two, let us know to save for you to try on (for my friends always lamenting you live too far!) We can also advise on sizing and ship to you. Some of the collection is modeled below. There is also a solid knit top that coordinates color wise and some fun pants in the rayon mandala pattern.

It seems I may be entering another run of design and wholesaling (as many of you know I designed and produced a collection a month for over 15 yrs selling to thousands of shops), as well as retailing and online. Hmmmm... for now, watching to see how the path opens before me, while taking the steps that are "useful for others and pleasurable for myself" *Marytn*. As in the Charge of the Star Goddess, written by Starhawk, states,

"All acts of love and pleasure {and beauty!} are My rituals..." And so they are!

More rituals like these will do a world of good and good for the world. Being fearless (by) choosing love. xoxo Devi
PS We will be open until 7pm on Sat. in Berkeley and Ashland
