Aloha LoveTribe,

Hsiao-Yee and I just returned from (marathon)

shopping in Las Vegas at the trade shows.

Lot's of fabulous finds!

Here's Hsiao-Yee on Chinese New Year day, kicking off the Year of the Pig. Born in the year of the pig with her pig qualities of graciousness, kindness, great style and taste, plus the talent and ability to get a lot done well, has been such a gift to us!

And the year of the Pig has the potential to bring these qualities of ease and success-- bring it on!!

And to bring ease, there is a wonderful app you can download on your phone and listen to when you need to escape from anxious thoughts. I hear MANY of you awaken around 3am and are kept awake by your mind gone wild! Just listen to one of the 15 minute meditations on either General Well-Being, Financial Abundance, Physical Well-Being, and Relationships. Not only will these relax you and help you fall back to sleep, they will seed good thoughts.

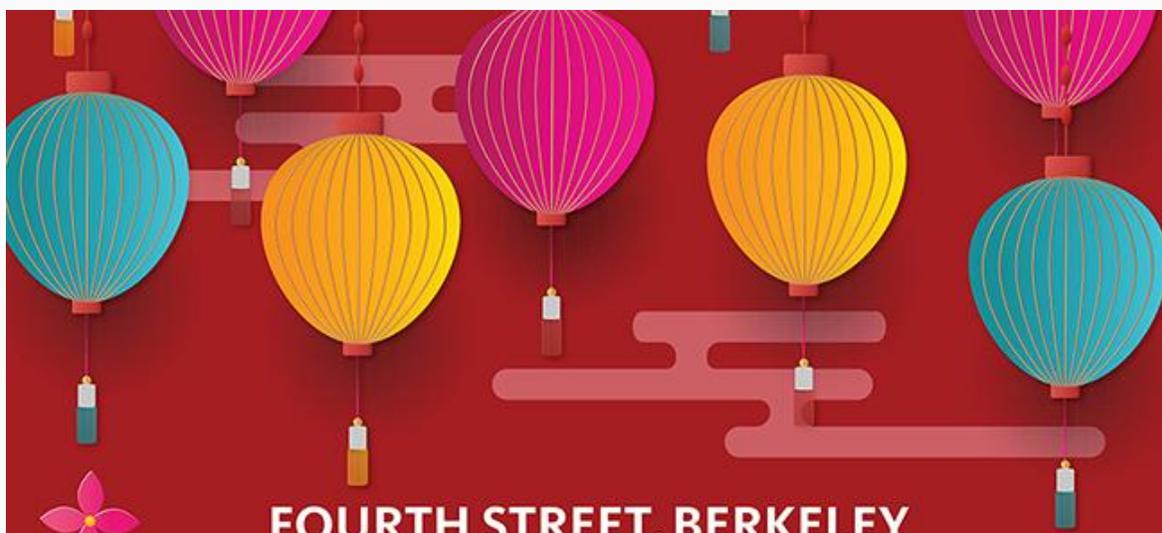

It's the Getting into the Vortex Meditations (in your app store). Please don't ask me how to download, it's worth figuring out! I've been listening to them for over a year. Don't let the "form" of the delivery get in your way, the meditations work! Here is Abraham/Ester Hicks talking about them. <https://youtu.be/1-4TqHp2BnE> . I get no \$ from turning you on to them but an abundance in your your well being!

Happy New Year of the Pig!

xoxo Devi
