*Aloha Love Tribe,*

There are 5 more days of our Semi-Annual Half off Sale! (though it could slide into a couple of more, but for sure 5). It usually is over by now, but Hsiao-Yee (my assistant) went to Taiwan and I've gone to babyland (he's too fun!), so we let the sale continue even in the midst of new things coming in. I did however get some photos for you. Robert took some fab photos of mama Shaye in a Maria Grazia P dress and in a Citron blouse. And I took this photo of Robert wearing one of the Luchino Visconti mens shirts and stretchy knit 5 pocket pant by Sweat Tailor. Kobi is wearing cuteness and both ... happiness!

a couple of my favorite European designer pieces.

Though the Sale will be over, there will be fun things in store for us all. Including CAKE! This is a birthday cake Shaye made for her 40th birthday last week, and Kobe's 4 month birthday and Beverly's birthday (our long time LoveTribe friend and #1 customer for 30+ years. An artist whose work graces our Temple/Shop walls! Shaye made this cake so the son of her best sister/friend could eat it. His allergies usually keep him from eating the cake at parties, so she made sure he could not only eat it but it would be fabulously fun. My birthday is in a week and she will be making cakes (working on many healthy varieties!) for our Bay Temple/Shops.

Next month Ashland!

Let them eat cake ... paleo, gluten free, nut free, sugar free or full of them all ... where there is a will ... the way follows. (that's how Kobe appeared!)

be fearless - choose love xoxo Devi
