Namaste LoveTribe,

A few days ago I dropped by the Berkeley shop and there was a spontaneous drop by of 5 of us! A social distancing photo shoot happened, the pictures are in this letter. It was soooo nourishing to be together even if briefly. It is a major immune builder. Yes, zooming with friends and just seeing their faces is also great, we had a zoom gathering of our stylist sistas last night ... fab and fun! Yet even without the hugs it doesn't come close (and personally I hope it never does), to being together in person. So, we look forward to seeing you some day soon and hope the future has lots of hugs! In the meantime give yourself a big long hug as you feel the arms of "The Mother" (a loving presence) surround and love you, receiving her love. And if your sheltering alone you can give your love out by hugging a tree. I LOVE tress!

I gave myself a hair wash & trim after this shot!

Gratitude for Mothers everyday and may this Mothers Day be extra sweet. My mothers Day gift is one of the beautiful masks below with your purchase. AND an additional 30% off for all products.

This is only through Mothers Day with the CODE at checkout MOTHERS30. After this you can still use the Code: LOVETRIBE to get your 20% discount.

xoxo Devi

Back to business as unusual

...

Here's my current favorite mask. It uses non toxic threads, organic cotton, has a section for inserting a filter, though because of it's fit and fabric it is better then most cloth masks even without using an insert filter.

It is comfortable and you can pull in down below your chin easily, while still wearing it, for fresh air when no one is around and then easily back up when needed.

It has an additional benefit for those wanting a neck cover (wink wink ;).

It comes in natural and all the colors to the left, that are botanically dyed.

These are quality masks at \$18. Though one free as my Mothers Day gift to go along with your purchase through Mothers Day.

New items added to the site and more added every few days!
