Because of the way our online shop works, you can only put in one discount code at checkout. If you get Citron at 30% off and don't get the 25% off other items we will credit you back. If this happened to you previously, let us know and we'll credit you back.

ASHLAND Temple/Shop

This Wednesday, Thursday, Friday 12-5 and Saturday 10- 5ish. We will go week by week, so stay tuned!

Some shops in Ashland opened last Friday and I went there to check it out. And to get the shop and staff set up and ready.

Ashland is the perfect place in many ways to begin, especially as there have been no deaths and few cases in the whole of Jackson County.

OUR LIQUIDATION SALE BEGINS ...

Online with discounts and specials and in the shops, as they open, with these specials as well as the thousands of items we will put on our \$10, \$20, \$24, \$38 and 50% off racks in the shops.

I have 4 full shops and a full warehouse going into this uncertain period with 2 1/2 months of lost sales. The sudden stop created quite a bit of debt, so we will be liquidating at least half of our stock to pay this debt.

Please find treasures at great deals and help me lighten my load!

Protocols for opening:

- Everyone will: wear masks, hand sanitize when entering with hand sanitizer or disposable gloves (provided) and physical distance.
- We have an air purifier in the dressing room, purported to remove viruses, and we are limiting the number of people at a time so each has their own space more than 6 ft apart.
- We will be putting clothing that has been tried on but not purchased, away, and then steamed (sanitizing) before they get put back out. Even though the CDC says that it is highly unlikely for clothing to hold or pass the virus.
- And of course we will be wiping down surfaces and washing our hands regularly.
- We will have signs, as well as alerting people, to physical distance, wear a mask, use hand sanitizer when entering and after using their phones (if they need to use them while in the shop). Essentially keeping everyone conscious of making it a safe space for all.

Whether you believe the response to the virus is over blown, or believe everyone should stay home until there is a vaccine, or believe vaccines are dangerous, or any of the other varieties of conflicting beliefs and responses ... There is truth in it all, as the truth is our collective consciousness. My belief is that one of the opportunities of these times is to learn to listen, to respect and to expand so there is room for beliefs to not only live together, but be acknowledged with respect in our actions with one another, expanding the way and the possibility of peace on earth.

During this sheltering time, there have been many gifts for many of us, as well as for the planet and wild life, yet as we know there has also been suffering. There are many severe side effects to this physical isolation; physical, emotional, mental and financial. This will be here for awhile. Although I'm open

to some miracle benign cure like cinnamon, it's more likely that this is a time to start integrating our new normal into our old world. Which is one reason we are starting to open up, though slowly and carefully. Join us at your own pace

It's a process! And one thing we can be sure of ... we don't really know ... anything! Ahhhh... it's nice to have certainty on something!

Well, we also know we miss hanging with our LoveTribe and look forward to seeing some of you and for others, we might venture into other ways. FaceTime Live?

For now, we are sending much love through the ethers your way!

xoxo Devi

Here's my current favorite
mask. It uses non toxic
threads, organic cotton, has a

section for inserting a filter, though because of its fit and fabric it is better than most cloth masks even without using an insert filter.

It is comfortable and you can pull it down below your chin easily, while still wearing it, for fresh air when no one is around and then easily back up when needed.

It comes in natural and all the colors to the left, plus their new blueberry, that are botanically dyed. Also larger size available soon.

These are quality masks at 2 FOR \$36. ALTHOUGH WITH THE CODE:LOVETRIBE25 2 FOR \$27
