### Dear LoveTribe

My grandmother musings ... God is a mother and all mothers on earth find God in their love.  
 And the work is love made visible.

It's HUGE (as my small friend with a huge life always says)!

I'm on my 3rd generation of mothering and it's beautiful to see in these times, room being carved out for children/people to discover themselves, finding their own color on the spectrum of emotions, understandings, physical traits, talents and genders.

This is the path to a world awake in the awareness of our oneness and respect for, and celebration of, our differences.

## Mama Leslie's Memorial

I know many of you have been waiting to participate. Waiting to tell stories and hear stories of the impact in so many wonderful ways she made in our lives. We are still waiting as well. In the meantime we have had many of Leslie's garments at Outback including this coat which people have slowly gone through making donations to her family (low prices on the garments). If you would like to go through them just let our staff know when you are in Berkeley. I have her wallet that I always carry with me.
