## Easter fun tradition

Every year we have fun with a basket full of eggs with discounts from **10-70% off** inside each egg (no stacking offers). **Off your entire purchase!!** (Except Magnolia Pearl as they don't allow that) You pick the egg as you are checking out to find out your discount. We've had 70% off 2 time winners.

We also usually hide an affikomen that will happen later with passover.

This will happen from Friday through Easter Sunday for the LoveTribe and Sunday for the public. So ask: **LoveTribe**

## An apology ...

Dear LoveTribe,

In my last newsletter I mentioned the ceasefire window (above) in our new Mill Valley shop. There is a subtle ceasefire on the floor and there is a rainbow of (peace) cranes making a curtain in the background. I mentioned that I asked my staff if it was ok with them and they said it may bring up some weighty conversations and yes, they were up for maintaining respect. There haven't been conversations about a ceasefire in the shops. However, there have been conversations with me through emails and phone. There are some that don't feel safe having those conversations at Outback. Unfortunately many people don't understand the complicated history of this region and aren't open to learning/listening, just being angry at them. Outback has been a sanctuary for some of them. Now they don't feel safe.

**My apology is this**, I'm sorry it was put out too simply. It's a complicated situation. Almost everyone wishes a ceasefire would work and is heartbroken watching the tragedy unfolding. My intention is to create a safe space for all. A LoveTribe that is respectful yet can still voice what they feel/believe. We are evolving humans and need each other and the friction of our differences to evolve. And we need a safe space to do this together.

**I believe**, we need a ceasefire now, with a massive amount of aid brought in. Yes, I know many feel that will embolden Hamas and give them time to regroup. I didn't say this was an "easy" answer. The over 30,000 Israeli, mostly Palestinian and people from all over the globe in Israel and Gaza that have been killed ... They are us ... WE. Each one is precious and each have done their best to live in this world in these times.

War is not the answer, it just perpetuates war, as hatred perpetuates hatred. I believe awareness of our oneness is the only way. And yet "WE" are not there yet. But if we don't start acknowledging that, we will never get there. And that is something I've always said and feel I'm here to keep saying.
