As I mentioned last letter, our fall/winter shipment of our bamboo/cotton/lycra fleece has been held up in customs for over 3 months. We've heard from MANY of you wanting them. Almost everyone who got them, have lived in them during the cooler seasons.

We do still have some from last year in sizes L and XL (can be worn to size 2X as they ran large). And it's odd but other sizes have been showing up from our back rooms, so check.

👉 Please visualize our shipment coming into our shops 🙏

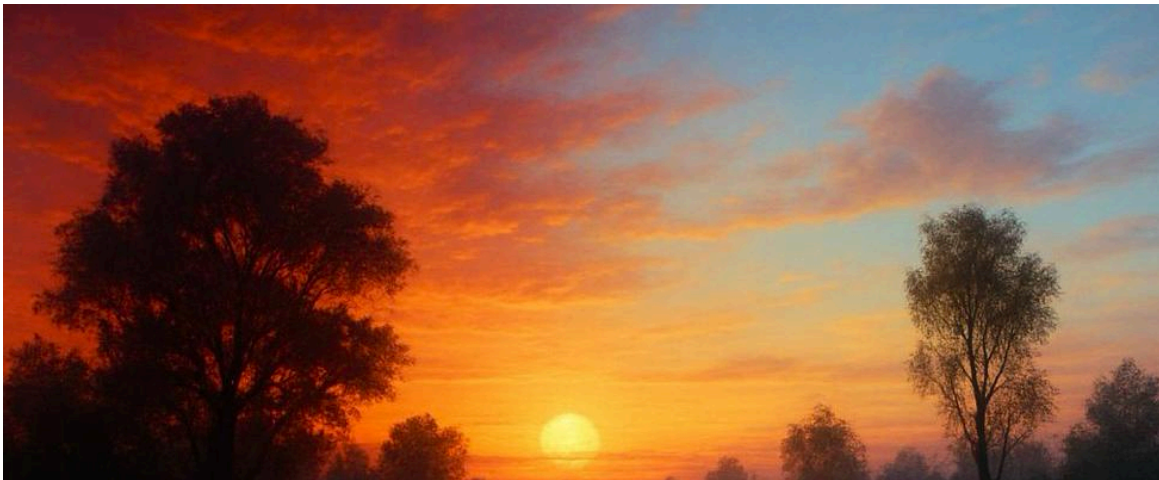

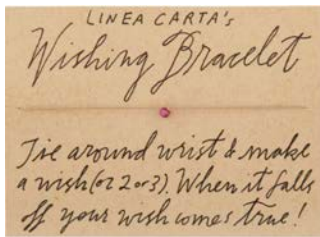

Gifts

an abundance of socks, scarves, shawls

My daughter Diva's very popular wishing bracelets, were going to be my gift to you this year, to set your intentions for the new year, new cycle, new you! But it went on the New York Times Best Gift list and the shop she sells in NYC for 10 years asked her to rush 5000! I did squeeze out a doz for each shop for sale. We have emerald, ruby, pearl and aquamarine.

This is a very potent "ending of the old and beginning of the new" cycle we are in and completely aligned with the ending of this year and beginning Jan1. For me, one thing I'm letting go of is rushing (and wow! there are so many ways I rush) And I'm moving into, there is enough time (all in good time my pretty). Think of 1 (or more) transitions for you ... now. (prime the pump without rushing!)
