My friend Eileen at Sunlight (French line) called to ask us to close-out her past season Sunlight, Yeah! Just in time to include in our Semi-Annual Sale! And I cleared out the warehouse (like shopping in your own closet which I recommend!)

So ... Many New pieces to choose from at our twice a year LOWEST prices.

Aloha LoveTribe,

### Flashback Friday

I asked Shaye (my daughter) to get an Instagram going per request of many wanting to see what's in store on a more regular basis. She started with pictures for throwback Thursday and Flashback Friday, here's one of me from 1982. The model got sick at the last minute and I reluctantly stepped in. This was a denim line we did using Rit Dye fade out on denim, with white poplin for the 6 tiered slip and blouse, scrap leather with silver conches for the belt and vintage (at that time) silver buttons on the jacket. It took off and then I had to source in quantity all of that! Photo by Susanne Kaspar. This outfit was worn by Nancy Reagan on her ranch, Susanne Powers a TV anchor among many others and set off a stone wash, fashion denim revolution!
